The more you look the more I feel like I can trust in your discretion. Looks like you have fallen in love already! I can see it with the way you are watching me while I talk to my beloved sis. Where are you right now? I remember when we first started to play dating games together. That girl was so cute, and her eyes, so shiny. I loved to look at her. I think she loved it too. They were having a great time and things were going well. Until I met your dad and he started to feel we were more than friends. To be honest, I didn't think about it much. Well, I was thinking about us and my feelings towards her, but I had my doubts. I didn't want to hurt her or myself. video games playing while horny I knew that she adored him and that she had to stop pretending. But she started to deny and she was tired of me being in her life. So I didn't bother her anymore and I started to ask her to go to parties with me. I know it's not a good thing, and I have never gone that far, but I wanted to see her in front of people, and the more she said no, the more I knew she wanted to.
